Education

• KIET Group of Institutions, AKTU

B. Tech in Computer Science

Nov 2022 - May 2026

- Coursework: Operating System, Data Structure, OOPs, DAA.

• Holy Angels Convent School (CBSE)

Intermediate (85%)

Apr 2021 - Jun 2022

• Holy Angels Convent School (CBSE)

High School (87%)

Apr 2019 - Jun 2020

Experience

Internship at Tata Forage

Nov 2024 - Nov 2024

- Data Collection and Cleaning: Gather raw data from various sources and clean it to ensure accuracy and consistency.
- Use statistical techniques to analyze the data and derive meaningful insights.
- Visualization Tools: Use tools like Python (Matplotlib, Seaborn), R, Power BI, or Tableau to create visualizations

Projects

• Weather-Forecast Website:

• Developed a weather forecasting website that accurately predicts the weather and it is also helpful for farmers as it can predict where which crop as to be grown and also keeps the farmers updated by the government policies and also the market price of seeds and medicines

Technologies:

HTML, CSS, JavaScript

• E-commerce Website: Built an online shopping platform for affordable clothing.

Technologies:

HTML, CSS, JavaScript

• E-Portal for Case Management:

- Developed a digital platform to manage legal cases efficiently, enabling features like case filing, document uploads, hearing scheduling, and real-time updates. It minimizes paperwork, enhances transparency, and supports virtual hearings.
- The e-portal is built with a user-friendly frontend (React), a robust backend (Node.js), and secure databases (MongoDB), ensuring efficient operations with encryption and role-based access control for data protection.
- Used by courts, law firms, and clients to streamline legal workflows, reduce physical court visits, and provide virtual hearing options for accessibility and efficiency

Technologies:

MERN Stack (MongoDB, Express, React, Node.js)

Skills

• Languages:

C++, C, Java, SQL

• Technologies:

HTML, CSS, JavaScript, React, Node.js

Certifications

Forage Data Visualization, DB Foundations (LinkedIn)

Coding Profiles
